July 12—Fourteenth Sunday in Ordinary Time

Today's readings are about being chosen & sent. The prophet Amos was chosen by the Lord and sent to use his talents for the people of God. The Gospel recounts the story of the sending of the twelve. In the second reading, St. Paul reminds us that we, too, are chosen. For what have I been chosen? To whom have I been sent?

"Laudato Si—Praised Be!"

Quotes from Pope Francis' encyclical on ecology and climate change. **Policy & Political Leadership.** *"There is an urgent need to develop policies so that, in the next few years, the emission of carbon dioxide and other highly polluting gases can be drastically reduced, for example, substituting for fossil fuels and developing sources of renewable energy. International negotiations cannot make significant progress due to positions taken by countries which place their national interests above the global common good. Those who will have to suffer the consequences of what we are trying to hide will not forget this failure of conscience and responsibility. True statecraft is manifest when, in difficult times, we uphold high principles and think of the long-term common good."* To read quotes from and the full encyclical go to catholicclimatecovenant.org.
